ENTRY REQUIREMENTS
Entry to this qualification is open to individuals who are able to demonstrate tourism and travel industry knowledge, customer service and operational skills. The individual must either:

1. Be formally assessed through a training program or recognition process, against one of the unit clusters listed in the qualification information on www.training.gov.au. OR
2. Have relevant tourism and travel industry employment experience. A job that has involved the application of skills described in one of the unit clusters would be a satisfactory indicator for entry. A determination need not involve a formal process of measuring, evaluating or recording performance against the units of competency.

If a student does not have existing competence in any of the entry requirement unit clusters, they may undertake the Tourism Operations (office-based pathway) unit cluster below, prior to the commencement of the Diploma qualification. Achieving competence in all eight units within the cluster is required in order to commence the SIT50112 Diploma of Travel and Tourism.
